## Search Instructions

---

### Step 1: Open the Find Bar

Hit **Ctrl + F** on your keyboard to open the "Find Bar" which will appear in the top right corner of your window.

### Step 2: Enter your property information

Click your cursor in the Find Bar and then use your keyboard to enter the municipal address, Lot and Concession or PIN you would like to search. Once you have entered the information click Enter on your keyboard. This will take you to the page with your sound level information.

The naming convention for addresses is as follows:

- \* #### NAME RD (#)
- \* #### CONCESSION RD #
- \* #### CONCESSION RD #-#
- \* #### COUNTY RD #
- \* #### NAME ST

Cardinal points denoted as single letters (N, S, E, W)

### Step 3: Find Your Map

In the *NIA Map ID* column of the table, you will find the map number(s) associated with your PIN and its point of reception (POR). The map displaying your POR is labeled with this Map ID and located in Appendix A at the end of this document.

**This document provides predicted sound levels at receptors, using the Enercon E138 EP3, 3.44 MW (NR2), which is expected to be installed at the Nation Rise Wind Farm. This is considered an acoustically equivalent turbine; this means that all predicted sound levels presented herein are equal or below those submitted as part of the original REA application.**
