### 1.- OBJECT

To establish the general, minimum and necessary requirements that the Civil Liability Insurance and the Insurance for "All Construction and Assembly Risk", to be contracted by the Contractors to provide services within the scope of EDP Renovaveis, must fulfil.

### 2.- SCOPE

The final addressees of these procedures are the Contractors that provide services to EDP Renovaveis and the departments of the different companies of EDP Renovaveis that need to contract their services.

### 3.- METHODOLOGICAL DEVELOPMENT

We settle a difference between:

- 3.1. CIVIL LIABILITY INSURANCE
- 3.2. INSURANCE FOR ALL CONSTRUCTION AND ASSEMBLY RISKS
- 3.3. TABLES OF ACTIVITY AREAS, DAMAGE ASSESSMENT AND LIMITS OF THE POLICIES INDEMNITY

#### 3.1. CIVIL LIABILITY INSURANCE

The Contractor is under the obligation to take out and keep on his account, for the validity of the contract, with a renowned Insurance company, a Civil Liability Insurance policy, that covers possible damages, either human or material as well as its consequential damages, arising from the contracted activities during the execution of the works.

This policy shall include not only the Civil Liability regarding possible damages to goods and third parties not belonging EDP Renovaveis, but also contractual liability regarding people or goods belonging to people or to companies of EDP Renovaveis, which might result damaged by the action of the Contractors or by the Subcontractors under their responsibility.

### Coverage and limits of the Civil Liability Insurance and the Insurance for "All Risk Construction and Assembly"

TS101  
Ed6

In case that, prior to written consent by any of the companies of EDP Renováveis, the Contractor needs to subcontract any part of the contracted services, the policy shall cover the damages that may be caused by the contractor's subcontractor

When signing the contract, the Contractor shall send attested copy of the payment receipt of the insurance premium corresponding to the Civil Liability insurance, to the following address:

EDP Renováveis : Departamento de Administración

Without prejudice of the coverage or limits established by the laws in force, the minimum guarantee in case of accident can be referred to in the tables below, according to the kind of service provided.

The required coverage of the policy shall be:

General

Employer

Cross

Post-work

Bail and defence

Products (in case the work consists of the delivery of a final product)

Damages to people and goods, as well as the consequential damage arising from them

Damages to Pre-existing Goods

Accidental contamination

The coverage of the Employer's Civil Liability Policy may remain sub-limited by victim to an acceptable minimum of 300.000 Euros.

The companies that have Frame Agreements signed with any of the Group Companies shall present an insurance certificate that must be signed by the insurer and which content must specify that:

"The XXXX Insurance Company certifies that the [Contractor] has a Civil Liability policy no. [no. of the policy] taken with this Company in force and up to date with the payments until the present date [xx/xx/xx].

The coverage of the referred policy includes (or exceeds) the requirements regarding the Civil Liability established in the contract no. [no. of the contract] , signed between the [the Contractor] and the [Company of the Group].

### 3.2 - INSURANCE FOR ALL CONSTRUCTION AND ASSEMBLY RISKS

It is necessary to contract this insurance in case of construction and assembly.

In case the existing Contractor's contracted policies do not comply with the mentioned requirements, the issue of specific policies will be mandatory.

### Coverage and limits of the Civil Liability Insurance and the Insurance for “All Risk Construction and Assembly”

TS101  
Ed6

The required coverage of the policy is:

- All construction and assembly risk
- Debris removal costs
- Machinery and  
equipment Natural risks
- Strikes, mutiny and civil disturbances
- Terrorism
- Extended maintenance
- Pre-existing elements
- Accidental contamination

The Insurance Capital will be adapted to the volume of the work of the object contract.
