...making excellence a habit.™

Certificate No: **BCMS 639388**

Registered Scope:

The Scope includes all activities that will enable the prevention and response to incidents that could seriously affect business continuity, namely the ones concerning the Guarantee of Security of Supply and the Provision of Commercial Services to support the Electricity Market, and in particular:

- Activities that support the restoration after incidents in the high, medium, and low voltage grids, with special emphasis on activities carried out by the HV Assets Service Department, MV and LV Assets Service Departments (North and South) and System Management and Operation Department.
- Activities to support the daily provision of data to the entities involved in the energy market, in which the role played by the Market and Revenue Assurance Department and the Smartgrid Operations Department are critical.
- Activities to provide customer services and support to all agents (retailers and consumers) in the energy market, mainly carried out by the Customer Management Department and the Market and Revenue Assurance Department.
- Activities to support the previous ones carried out by other E-REDES Organizational Units.

Original Registration Date: 2015-11-11
